

REIT Group

Sullivan & Worcester LLP is nationally recognized for representing public and private REITs, real estate developers, real estate operators, pension fund advisors, pension funds and foreign investors.

The American Lawyer has consistently ranked Sullivan & Worcester among the top law firms in the nation in representation of public REITs based upon the number of REIT offerings as well as total REIT equity and debt funds raised. Our clients number among the country's largest public REITs.

Our REIT Group has extensive experience in formation, capital raising, mergers and acquisitions, tax matters, securities law compliance, governance issues, environmental and land use matters and workouts for troubled properties.

Our REIT Group has extensive experience in REIT securities matters and REIT mergers and acquisitions:

- Assisted REITs and real estate operators in raising over \$7 billion through the sale of debt and equity securities in the past five years.
- Represented REITs in the acquisition of approximately 1,000 properties valued in excess of \$10 billion.
- Counseled REITs in the acquisition, leasing and disposition of multi-tenant as well as triple net leased properties.
- Advised a REIT in the acquisition of one of the largest portfolios of properties leased to agencies of the U.S. Government.
- Counseled REITs in the acquisition of public real estate companies.
- Advised a REIT in the acquisition of one of the country's largest portfolios of hospitality and fuel service travel centers, and the spin off of a qualified tenant to lease the acquired real estate.
- Regularly represented REITs in a wide range of financing transactions and structures, including UpREITs, DownREITs, secured and unsecured financings, senior, subordinate and convertible debt offerings, investment grade and sub-investment grade debt offerings, preferred equity offerings and sale-leaseback transactions.

Our REIT Group helps clients break new ground:

- Structured two private timber REITs, each in excess of \$500 million.
- Developed strategies for and implemented transactions that had never previously been done by REITs, including REIT-to-REIT spin-offs and the sale of REIT Trust Preferred Securities.
- Structured the first REIT pooled hotel transaction where hotels in the pool were located inside and outside the United States.
- Provided guidance to clients seeking to establish REITs in novel areas such as truck stops, power generation, storage facilities, vineyards, transmission towers, timber and foreign real estate.

We work with REIT clients to handle challenging situations:

- Represent REITs in dealing with troubled lessees, borrowers and acquisition targets, both in litigation and in bankruptcy, in negotiations and in courts around the country.
- Regularly represent REITs in obtaining private letter rulings from the Internal Revenue Service.

We also represent a wide variety of industry participants:

- Act as counsel to foreign taxable and tax-exempt investors with respect to structuring investments in U.S. real estate, including in public and private REITs.
- Represent investment advisors in sponsoring closed-end and open-end mutual funds that principally invest in publicly traded REITs.
- Represent investment advisors in structuring private REIT funds to invest in blind real estate pools.
